

Terms of Service

1. Introduction

Thank you for joining The Trade Growth Guys. These Terms of Service explain:
What is included in your service.
What you can expect from us.
What we need from you.
How payments work.
How our guarantees work.
What happens if your service is paused, cancelled or ended.
These Terms are intended for customers purchasing our services for business purposes. By signing your onboarding form, you confirm that you have read, understood and agreed to these Terms. If anything is unclear, please ask us before agreeing.

---

2. What Your Plan Includes

Your plan includes the parts of The Trade Growth Guys System agreed when you joined. Depending on your plan, this may include:
Google Business Profile setup and management.

Weekly Google updates when information is supplied.
Trade Grow App access, including CRM, pipelines, tags, messages and automations.
Website design and build.
Website hosting and management.
Ongoing updates and improvements.
Support.
Marketing campaigns.
Training videos, tools and resources.
Other services specifically agreed when you joined.
We regularly improve our systems and tools. Where suitable, you may receive new features and improvements at no extra cost.
Your plan may include all or only some of the services above.
The services included in your individual plan are based on what was agreed when you joined.

---

3. How Work Starts
Work begins as soon as your payment is made. We may immediately:
Allocate team time.
Create accounts.
Begin research.
Start planning.
Set up systems.
Begin website preparation.
Begin work relating to your trade, location and competition.
Because resources and team time are committed from the start, payments are non-refundable once work has started, except where we agree otherwise.
We also need you to provide the information, forms and access requested

from you. Delays in providing:
Onboarding forms.
Photos.
Videos.
Business information.
Domain access.
Account access.
Login details.
Approvals.
Other requested information.
may delay your service and results.
Delays caused by missing information or access from you are not grounds for a refund. We are a small team and have limited client capacity. When a client joins, we may reserve a place for that business and turn other potential clients away.
If, in exceptional circumstances, The Trade Growth Guys agrees to voluntarily reverse a payment, any payment-provider fees relating to the reversal will be deducted or charged, together with a **£100 administration charge**.

---

4. Your Responsibilities
To help us provide the best possible service, you agree to:
Add us to your Google Business Profile when requested.
Send suitable photos, videos and business updates when requested.
Use the Trade Grow App to track leads and jobs unless another arrangement was agreed during your recorded initial call.
Follow up leads promptly.
Give us access to your domain within 7 days of being asked.
Reply to our messages within 48 hours, Monday to Friday.

Keep your agreed subscription and payments active.
Follow reasonable steps and instructions we give you.
Provide accurate information about your business.
Tell us when important business information changes.
Complete verification processes when required.
Keep suitable licences, registrations and insurance for your trade.
Not allow another person or company to manage or change systems we manage without our agreement.
You must not give another company permission to manage your website or Google Business Profile during your service without our consent.
If we do not receive the information, access or cooperation needed, results may slow down and your growth guarantee may be affected.

---

5. Our Responsibilities

We agree to:
Keep the tools we provide updated and working as reasonably expected.
Make weekly Google updates when the required information is supplied.
Reply to messages within 24 hours, Monday to Friday, wherever reasonably possible.
Deliver your first website draft within 4 weeks of receiving your completed website information form, where a website is included.
Help you understand the app and systems we provide.
Carry out the services included within your agreed plan.

Support you in growing your business.
If a message arrives during or close to the weekend, we may respond if possible. Otherwise, we will normally reply the following Monday.

---

6. What's Not Included

Unless specifically included within your agreed plan, your service does not include:
Paid Google Local Services Ads management.
Google advertising spend.
Daily social media posting or engagement.
Lead follow-up carried out by our team.
Replies to customer reviews unless included through an optional service or AI tool.
Photography.
Video production.
Website work outside the agreed scope.
Support for websites not managed by us.
Services not included within your agreed package.
Google advertising spend is always separate from our service fees and is paid directly by you to Google.
Extra services may be purchased or added by agreement.

---

7. Changes To Your Plan

We regularly improve our tools, services and systems.
We may:
Add features.
Upgrade systems.
Change the way services are delivered.
Introduce improved processes.
Replace tools with better alternatives.
We will not intentionally remove a service specifically promised as part of your paid

subscription period without providing a reasonable alternative.

---

8. Website Build Process

If your plan includes a website:

Planning and framework development may start immediately.

We can only fully build and complete the website once we receive your completed website information form.

Your first website draft will normally be supplied within 4 weeks of receiving the completed form.

A first draft is not the finished website. Revisions are used to shape the final website.

Missing information or delayed replies will delay the website.

Delays caused by you do not give you a right to a refund.

We will work with you to get the website completed and launched as smoothly as possible.

8a. Website Handover & Final Edits

Once we tell you your website is ready for review, it enters the final review and launch stage.

You then have **7 days** to review it.

You must send your requested changes together in one message or document wherever possible.

Your service includes **one full round of website edits**.

If something from your submitted edit list is accidentally missed by us, we will correct it without treating that correction as a new round of edits.

Once your included edit round has been completed:

Any new or additional edit request will cost **£100 per round**.
This applies even if only one new amendment is requested.
The charge can apply after the 7-day review period.
The charge can also apply once your included edit round has been completed.
This process helps prevent website projects from being delayed by repeated small changes.
If your website has not gone live within 6 weeks of your website information form being submitted because of:
Delayed replies from you.
Repeated editing requests.
Missing information.
Delayed approvals.
Other delays caused by you.
your 12-month guarantee period may pause.
The guarantee period will restart once the website is launched and normal marketing activity resumes.

---

9. Google Business Profile Rules
To manage your Google Business Profile properly:
You must add us as managers when requested.
Weekly updates depend on you providing suitable information.
If no photos, videos or updates are provided, our ability to post new content may be limited.
You must not allow another marketing company to manage or make changes to the profile during your plan without our agreement.

You must provide accurate business information.
You must tell us about changes to opening hours, services, locations or contact details.
Google rankings and results take time and depend on many factors.
These include:
Competition.
Reviews.
Location.
Business activity.
Search demand.
The age and history of your profile.
Your participation.
Changes made by Google.
We will guide you on best practice but cannot control Google's systems or guarantee a specific ranking position.

9a. Paid Google Local Services Ads

If paid Google Local Services Ads management is included within your plan, your service fee may cover:
Setting up your Local Services Ads account.
Initial campaign setup.
Selecting services.
Selecting service areas.
Setting advertising budgets.
Managing and improving the account.
Reviewing lead performance.
Making suitable changes.
Providing ongoing advice.
Google Advertising Spend
Your service fee does **not** include the money paid to Google for advertising.
You are responsible for paying all Google Local Services Ads charges directly to Google using your own payment method.
Your advertising spend is separate from all fees paid to The Trade Growth Guys.

You must:
Maintain a valid payment method with Google.
Have enough money available to cover advertising costs.
Deal with any payment verification requested by Google.
We are not responsible if your adverts stop because:
A Google payment fails.
Your card is declined.
Your payment method expires.
Google cannot collect payment.
Your advertising budget is reached.
Account Ownership & Control
The Trade Growth Guys owns and controls the Google Ads and Local Services Ads account created as part of our managed service.
This includes the:
Account setup.
Campaign structure.
Settings.
Management work.
Advertising systems created by us.
The account does not automatically transfer to you when your service ends.
Pausing or Closing Advertising
Your Local Services Ads account may be paused or closed:
If an agreed payment to The Trade Growth Guys is missed.
If no alternative payment arrangement has been agreed.
When your subscription ends.
At your request.
If Google suspends or restricts the account.
If Google closes the account.
If you fail to pay Google.
If required verification is not completed.

If we believe the account is being misused.
If continuing to operate the account could cause harm to either party.
If you ask us to pause or close the account, no refund will be given for setup, management or other work already completed.

Google Limitations

We cannot control:

Google's approval process.
Verification checks.
Lead prices.
Lead availability.
Account suspensions.
Google's policies.
Changes to Google's platform.
How often your adverts appear.

We cannot guarantee:

A set number of leads.
A fixed cost per lead.
That every lead becomes a paying customer.
That every lead will be suitable.
That your adverts will appear at all times.
That Google will approve your account.
That Google will continue approving your account.
You remain responsible for answering, following up and converting your leads.

Your Local Services Ads Responsibilities

You agree to:

Respond to Local Services Ads leads as quickly as possible.
Give us accurate business information.
Provide licence and insurance information where required.
Complete verification checks required by Google.
Tell us when leads become booked jobs.

Record leads, jobs and job values inside the Trade Grow App.
Keep all required licences, insurance and registrations active.
Tell us quickly if your business hours change.
Tell us if your services or service areas change.
Missed calls, slow replies, incorrect information, poor availability or failure to follow up leads may reduce your results.

Triple Growth Guarantee

Clients who continuously run paid Google Local Services Ads with The Trade Growth Guys for a full 12-month period may qualify for our **Triple Growth Guarantee**.
If the value of work you win during the qualifying 12-month period is less than **three times the total service fees paid to The Trade Growth Guys**, we will continue providing the qualifying service free of charge until the recorded value reaches that level.
Google advertising spend paid directly to Google does not count towards the service fees used to calculate the guarantee.
For example:
If you pay £10,000 in qualifying service fees to The Trade Growth Guys, the qualifying target would be £30,000 in work won.
To qualify:
Your Local Services Ads must run with us continuously for the required 12 months.
Every agreed payment must be made.
Your full payment plan must be completed.
Google advertising spend must be paid when due.
You must follow the requirements within these Terms.

Leads and job values must be correctly recorded.
Stopping your adverts, cancelling early or failing to complete your agreed payments may remove your eligibility.
The Triple Growth Guarantee is a **continuation-of-service guarantee**.
It is **not a money-back guarantee** and does not provide a right to a refund.

---

10. Payments, Payment Plans & Renewal
Payment Plans
Any payment plan agreed when you join is a commitment to make **all payments included within that plan**.
Choosing to stop using the service does not automatically cancel amounts already agreed as part of your payment plan.
Making only some of the payments within an agreed payment plan does not qualify you for a growth guarantee.
Renewals
Your subscription may automatically renew quarterly, yearly or at another agreed interval depending on the plan chosen when you joined.
If a bespoke payment plan was agreed, the equivalent required amount must be paid for any guarantee to apply.
Quarterly payments cover the agreed quarterly service unless specifically agreed otherwise.
Making multiple quarterly payments does not automatically create annual guarantee eligibility unless this has been formally agreed.
Payments Must Be Made On Time
All payments must be made when due.
You are responsible for:
Keeping your payment details up to date.

Making sure enough money is available.
Replacing expired or cancelled cards.
Dealing with payment issues quickly.

Failed Payments & £85 Administration Charge

If any agreed subscription, instalment, recurring payment or other scheduled payment to The Trade Growth Guys:

Fails.
Is declined.
Is reversed.
Cannot be collected.
Is blocked.
Is cancelled.
Is otherwise not received when due.

for any reason, and this causes our team to take action to deal with the failed payment, an **£85 administration charge** will become payable.

This charge covers the extra administration, account management, communication and payment recovery work caused by the failed payment.

The £85 administration charge applies to the failed payment incident rather than each automatic payment retry relating to the same incident.

By agreeing to these Terms, you authorise **The Trade Growth Guys and Trade Grow Scaling Systems Ltd** to automatically collect the **£85 administration charge** using the card or payment method we hold on file.

We may collect the administration charge separately from, or together with, the outstanding payment.

What Happens After A Failed Payment

The outstanding payment and the £85 administration charge must both be paid

before the affected service is required to continue.
We may immediately pause some or all of your services while money remains outstanding.
This may include:
Google Business Profile management.
Website work.
Website updates.
Trade Grow App access.
Marketing campaigns.
Google Local Services Ads management.
Support.
Automations.
Any other service included within your plan.
The service will not be treated as cancelled simply because it has been paused for non-payment.
Refusing To Pay The Administration Charge
If you refuse or fail to pay the £85 administration charge or the original outstanding payment, we may choose to:
Keep your service paused until all outstanding amounts have been paid; or
End your service completely.
If your service is paused or ended because of a failed or missed payment:
No refund will be given for payments already made.
No refund will be given for work already completed.
Work already carried out will remain chargeable.
Any outstanding payments agreed as part of your original payment plan remain payable.
Your growth guarantee may be paused or ended.
Ending the service because of non-payment does **not** automatically remove

your responsibility to complete an agreed payment plan.

Payment Recovery

Where money remains overdue, we may take reasonable steps to recover the amount owed.

Our contractual rights under these Terms do not remove any other rights we may have under applicable law in relation to unpaid commercial debts.

---

11. Your 12-Month Growth Guarantee

11a. Guarantee Claims, Verification & Evidence

The Double Growth Guarantee and Triple Growth Guarantee are based on the total value of work won during the relevant 12-month guarantee period.

If you believe you qualify for either guarantee, it is your responsibility to provide us with enough evidence to allow us to fully verify your claim.

A statement that you have not received enough work, or that particular jobs did not come from our marketing, will not by itself be sufficient.

11b. Eligibility Before A Claim Can Be Reviewed

Before we review a guarantee claim, you must have met all of the eligibility requirements within these Terms.

This includes, where applicable:

Completing the full qualifying 12-month service period.

Making every agreed payment.

Completing your full agreed payment plan.

Keeping the qualifying services active.

Using the Trade Grow App as required.

Recording leads, jobs and job values accurately.

Providing the information and access requested by us.
Following up leads within the required times.
Meeting all other requirements of the relevant guarantee.
If these requirements have not been met, the guarantee may not apply.

11c. Responsibility For Proving A Guarantee Claim

The responsibility for providing evidence in support of a guarantee claim rests with you.
You must provide complete and accurate records that allow us to establish:
The total value of work won by your business during the guarantee period.
The total value of work completed and/or invoiced during that period.
The customers responsible for that work.
The source from which each customer or job came.
Which work was generated directly or indirectly through activity carried out by The Trade Growth Guys.
Which work, if any, you believe was generated completely independently of our activity.
You must provide evidence covering the **whole guarantee period**, rather than only selected customers, invoices, months or transactions.

11d. Financial Evidence

To verify the total amount of business generated during the guarantee period, we may require documents including:
Business accounts.
Tax returns where available.
Corporation Tax records where applicable.
VAT returns where applicable.

Management accounts.
Sales ledgers.
Invoice reports.
Copies of customer invoices.
Credit notes.
Payment processor reports.
Relevant business bank records.
Accounting software reports.
Other reasonable financial records needed to confirm your business income and job values.
The records supplied must cover the relevant 12-month guarantee period.
Where an accounting period or tax period does not exactly match the guarantee period, we may require additional records covering the missing dates.
The figures provided must be capable of being matched back to the underlying invoices, jobs and customers.
11e. Invoice & Job Evidence
You must provide a complete record of relevant work won during the guarantee period.
This should allow us to identify, where applicable:
Customer.
Invoice or job number.
Job description.
Date the enquiry was received.
Date the work was quoted.
Date the work was booked.
Date the work was completed.
Invoice date.
Invoice value or agreed job value.
Amount paid.
Lead or customer source.
The total of these records should be capable of being reconciled against the

financial records supplied as part of your claim.
We may ask you to explain any differences between your invoices, sales records, bank receipts, accounting records and information stored within the Trade Grow App.
11f. Evidence Of Where Each Customer Came From
For any work that you claim was **not** generated directly or indirectly through The Trade Growth Guys, you must provide reasonable documentary evidence showing where that customer or job came from.
This may include:
The original enquiry.
Emails.
Text messages.
WhatsApp messages.
Call records.
CRM records.
Lead-platform records.
Referral records.
Existing customer records.
Previous invoices showing that the person was already a customer.
Enquiry forms.
Messages showing who referred the customer.
Other dated records that clearly show the source of the enquiry.
Evidence created at or around the time the enquiry was received will normally carry more weight than a statement or spreadsheet created afterwards for the purpose of making a guarantee claim.
Simply labelling a customer as:
Word of mouth.
Referral.

Existing customer.
Repeat customer.
Recommendation.
Unknown.
Other.
will not by itself prove that the work was generated independently of our activity.
Supporting evidence may be required.
11g. Work Attributable To The Trade Growth Guys
When calculating the guarantee, work may be treated as resulting directly or indirectly from our activity where the customer or job was generated, influenced or assisted by services or systems managed or created by us.
This may include work resulting from:
Google Business Profile activity.
Google organic search.
Your website.
Website enquiry forms.
Website telephone calls.
Search engine optimisation.
Google Local Services Ads.
Google Ads where managed by us.
Marketing campaigns.
Customer reactivation campaigns.
Review-generation activity.
Social media activity carried out by us.
Content created or distributed through our service.
The Trade Grow App.
Marketing automations.
Lead nurturing systems.
Follow-up systems created by us.
Other marketing activity carried out as part of your service.
This applies whether our activity was the only reason for the enquiry or formed part

of the route through which the customer found, contacted or chose your business.

11h. Repeat Work & Referrals

Where a customer was originally generated through activity carried out by The Trade Growth Guys during the guarantee period, additional work subsequently won from that customer may also be treated as work generated through our activity.

This can include:

Additional jobs.

Upsells.

Repeat bookings.

Ongoing contracts.

Further work from the same customer.

Where a new customer is referred to you by a customer who was originally generated through our activity, we may also treat that referral as an indirect result of our marketing activity.

If you believe repeat or referral work should not be attributed to us, you must provide evidence showing why it was generated independently.

11i. Existing Customers

Work from a genuine existing customer who was already a customer before your service with The Trade Growth Guys began will not automatically be treated as work generated by us.

However, you may be required to provide evidence showing the previous customer relationship.

Suitable evidence could include:

An invoice issued before our service started.

Previous payment records.

Previous correspondence.

CRM records.

Previous job records.
If our activity caused an existing or dormant customer to return, contact you again or purchase additional services, that work may still be treated as resulting from our activity.

11j. Unknown Or Unproven Lead Sources

If the source of a customer cannot be established, we will review all available evidence.
Where you wish to exclude a job from the guarantee calculation on the basis that it was generated independently of our activity, you must provide reasonable evidence supporting that position.
If there is no reliable evidence showing an independent source, the job may be included within the value of work attributed to our activity.
This means that an unknown lead source will not automatically be treated as work that had nothing to do with The Trade Growth Guys.

11k. Trade Grow App Records

The Trade Grow App is one of the main records used to measure performance under the guarantee.
You are responsible for recording leads, jobs and job values accurately and consistently throughout the guarantee period.
You must not deliberately:
Leave leads out.
Remove leads.
Understate job values.
Change lead sources.
Record false information.
Move work outside the system to avoid it being counted.

Where information supplied as part of a guarantee claim conflicts with information previously entered into the Trade Grow App, we may investigate the difference and request supporting evidence.

Information recorded at the time a lead or job was received will normally be given greater weight than information changed after the event.

11l. Complete Records Must Be Provided

A guarantee claim must be capable of being checked against the business as a whole.

You cannot support a claim by providing only selected invoices, customers, bank transactions or accounting records.

Where reasonably required to verify the claim, we may request further evidence.

If important evidence is missing, incomplete, contradictory or cannot reasonably be verified, we may be unable to approve the guarantee until satisfactory evidence has been supplied.

11m. Further Verification

If the information supplied is unclear or inconsistent, we may ask for additional evidence.

This may include asking for:

Further accounting reports.

Additional invoices.

Relevant bank records.

CRM exports.

Lead records.

Customer correspondence.

Confirmation from your accountant or bookkeeper.

Other reasonable evidence needed to verify the claim.

Where necessary, we may ask your accountant or bookkeeper to confirm

relevant financial figures.
You remain responsible for any costs charged by your accountant or other professional adviser for preparing information relating to your claim.
11n. False Or Misleading Information
All information supplied in support of a guarantee claim must be complete and accurate to the best of your knowledge.
Deliberately:
Hiding work.
Hiding invoices.
Understating job values.
Changing lead sources.
Removing CRM records.
Providing false documents.
Providing misleading information.
Leaving out relevant revenue or jobs.
may immediately end eligibility for the guarantee.
We may also reject a claim where we reasonably believe information has been deliberately altered, withheld or misrepresented.
11o. Cooperation With The Review
You agree to reasonably cooperate with our review of a guarantee claim.
We may ask questions about particular:
Customers.
Jobs.
Invoices.
Payments.
Lead sources.
Accounting entries.
CRM records.
You must provide reasonable supporting information where required.
Failure to provide the information reasonably needed to verify a claim may prevent the claim from being approved.

11p. Protecting Customer Information
We only need information that is reasonably required to verify the guarantee claim.
Where documents contain information that has no relevance to the claim, reasonable redactions may be made.
However, information needed to verify:
Customer identity.
Job identity.
Dates.
Invoice values.
Payments.
Lead source.
The relationship between records.
must remain visible where reasonably necessary for verification.
11q. Guarantee Decision
Once we have received the complete evidence reasonably required to assess the claim, we will review:
Whether all guarantee conditions were met.
The total qualifying fees paid.
The total value of relevant work won.
Lead and customer sources.
Trade Grow App records.
The supporting financial evidence.
Any other relevant records.
If the evidence confirms that you have met all guarantee requirements and the value of qualifying work remains below the level promised under the applicable guarantee, we will honour the guarantee in line with these Terms.
This means we will continue providing the qualifying service free of charge until the relevant Double Growth or Triple Growth level is reached, subject to your continued

compliance with the conditions of the guarantee.
The guarantee remains a **continuation-of-service guarantee only**.
It does **not** provide a right to a cash payment or refund.

---

12. Fair Use Of The Trade Grow App
You agree to use the Trade Grow App fairly and responsibly.
This includes:
No spam.
No misuse of SMS tools.
No misuse of email tools.
Following suitable customer consent procedures.
Following applicable rules relating to messages sent to customers.
Not using the system for unlawful purposes.
We may contact you if changes are required.
Serious or repeated misuse may result in features or access being restricted or removed.

---

13. Holidays, Pausing & Downtime
If you:
Take a holiday.
Stop accepting work.
Temporarily close.
Pause your advertising.
Pause your marketing activity.
some parts of your service may also need to pause.
This can mean:
Google activity pauses.
Advertising pauses.
Results slow down.
Your guarantee period pauses.

Where applicable, the guarantee period can restart once normal business and marketing activity resumes.
Please tell us as early as possible so we can plan around any changes.
A voluntary pause requested by you does not automatically pause or cancel agreed payments unless we specifically agree this with you in writing.

---

14. Data, Privacy & Security

We will follow applicable data protection requirements relating to the services we provide.
We will:
Take reasonable steps to keep information secure.
Use information to provide and manage your service.
Not sell your personal information.
Only share information where required to provide the service, operate our systems or meet legal requirements.
You remain responsible for protecting your:
Passwords.
Login details.
Devices.
Internal business systems.
You must tell us promptly if you believe an account we manage has been compromised.

---

15. Ending The Service

You may cancel your subscription before your next renewal period, subject to any payment commitment already agreed.
Cancellation stops future renewal periods.
It does **not** automatically cancel outstanding payments forming part of a

payment plan you previously agreed to complete.
Once your service ends:
Trade Grow App access may end.
Managed services stop.
Google Business Profile management stops.
Website management may stop depending on your agreement.
Local Services Ads may be paused or closed.
Your Local Services Ads account will not automatically transfer to you.
Your growth guarantee ends.
No refund will be due for setup, management or work already completed.
Previous payments remain non-refundable.
Outstanding agreed payments remain payable.
If we end your service because of:
Failed payments.
Refusal to pay outstanding charges.
Serious misuse.
Repeated breaches of these Terms.
Behaviour that prevents us from reasonably providing the service.
the same rules apply.
Ending access to the service does not automatically remove a debt or payment commitment already created under your agreement.

---

16. Liability & Limits

We will always aim to help your business grow and provide the services agreed with you.
However, marketing results depend on many things outside our direct control.
We are not responsible for losses or reduced results caused by things such as:

Missing information.
Incorrect information supplied by you.
Delayed replies.
Failure to follow up leads.
Third-party actions.
Google decisions.
Google suspensions.
Google algorithm changes.
Market changes.
Changes in customer demand.
Competitor activity.
Business decisions outside our control.
Your availability to take on work.
Your pricing.
Your sales process.
Your customer service.
Your staff.
External platform outages.
Events outside our reasonable control.
We do not guarantee that every lead will become a customer or that marketing results will remain the same from month to month.
Nothing in these Terms is intended to exclude any liability that cannot legally be excluded.

---

17. Governing Law
These Terms are governed by the laws of **England and Wales**.

---

18. VAT & Company Information
The Trade Growth Guys is operated by **Trade Grow Scaling Systems Ltd**, a company registered in Cyprus.
As Trade Grow Scaling Systems Ltd is established outside the United Kingdom, we do not currently charge UK VAT to UK customers where UK VAT is not required to be charged by us.

If tax laws or our VAT obligations change in the future, we reserve the right to update:
Our prices.
Our invoicing.
Tax charges.
These Terms.
Company Details
Company Name: Trade Grow Scaling Systems Ltd
Trading As: The Trade Growth Guys
Director: Ashley Anderson
VAT Number: 60344398P
Company Number: HE490308
Registered Address: Vasileos Konstantinou, 47B, 8021, Paphos, Cyprus

---

Final Confirmation
By signing your onboarding form and/or making your first payment, you confirm that:
You have read these Terms of Service.
You understand them.
You agree to them.
You have read the Organic Growth & How It Works information supplied to you.
You understand that organic marketing is a long-term process.
You understand that marketing requires consistency and cooperation.
You understand that results vary.
You understand that competition, reviews, business activity and participation can affect results.
You understand that any payment plan agreed when you join is a commitment to make all payments within that plan.
You authorise The Trade Growth Guys and

Terms of Service

1. Introduction

Thank you for joining The Trade Growth Guys.
These Terms of Service explain:
What is included in your service.
What you can expect from us.
What we need from you.
How payments work.
How our guarantees work.
What happens if your service is paused, cancelled or ended.
These Terms are intended for customers purchasing our services for business purposes.
By signing your onboarding form, you confirm that you have read, understood and agreed to these Terms. If anything is unclear, please ask us before agreeing.

---

2. What Your Plan Includes

Your plan includes the parts of The Trade Growth Guys System agreed when you joined.
Depending on your plan, this may include:
Google Business Profile setup and management.
Weekly Google updates when information is supplied.
Trade Grow App access, including CRM, pipelines, tags, messages and automations.
Website design and build.
Website hosting and management.
Ongoing updates and improvements.
Support.
Marketing campaigns.
Training videos, tools and resources.
Other services specifically agreed when you joined.
We regularly improve our systems and tools.
Where suitable, you may receive new features and improvements at no extra cost.
Your plan may include all or only some of the services above.

The services included in your individual plan are based on what was agreed when you joined.

---

3. How Work Starts

Work begins as soon as your payment is made.

We may immediately:

Allocate team time.

Create accounts.

Begin research.

Start planning.

Set up systems.

Begin website preparation.

Begin work relating to your trade, location and competition.

Because resources and team time are committed from the start, payments are non-refundable once work has started, except where we agree otherwise.

We also need you to provide the information, forms and access requested from you. Delays in providing:

Onboarding forms.

Photos.

Videos.

Business information.

Domain access.

Account access.

Login details.

Approvals.

Other requested information.

may delay your service and results.

Delays caused by missing information or access from you are not grounds for a refund. We are a small team and have limited client capacity. When a client joins, we may reserve a place for that business and turn other potential clients away.

If, in exceptional circumstances, The Trade Growth Guys agrees to voluntarily reverse a payment, any payment-provider fees relating to the reversal will be deducted or charged, together with a **£100 administration charge**.

---

4. Your Responsibilities

To help us provide the best possible service, you agree to:

Add us to your Google Business Profile when requested.

Send suitable photos, videos and business updates when requested.

Use the Trade Grow App to track leads and jobs unless another arrangement was agreed during your recorded initial call.

Follow up leads promptly.

Give us access to your domain within 7 days of being asked.

Reply to our messages within 48 hours, Monday to Friday.

Keep your agreed subscription and payments active.

Follow reasonable steps and instructions we give you.

Provide accurate information about your business.

Tell us when important business information changes.

Complete verification processes when required.

Keep suitable licences, registrations and insurance for your trade.

Not allow another person or company to manage or change systems we manage without our agreement.

You must not give another company permission to manage your website or Google Business Profile during your service without our consent.

If we do not receive the information, access or cooperation needed, results may slow down and your growth guarantee may be affected.

---

5. Our Responsibilities

We agree to:

Keep the tools we provide updated and working as reasonably expected.

Make weekly Google updates when the required information is supplied.

Reply to messages within 24 hours, Monday to Friday, wherever reasonably possible.
Deliver your first website draft within 4 weeks of receiving your completed website information form, where a website is included.
Help you understand the app and systems we provide.
Carry out the services included within your agreed plan.
Support you in growing your business.
If a message arrives during or close to the weekend, we may respond if possible.
Otherwise, we will normally reply the following Monday.

---

6. What's Not Included

Unless specifically included within your agreed plan, your service does not include:
Paid Google Local Services Ads management.
Google advertising spend.
Daily social media posting or engagement.
Lead follow-up carried out by our team.
Replies to customer reviews unless included through an optional service or AI tool.
Photography.
Video production.
Website work outside the agreed scope.
Support for websites not managed by us.
Services not included within your agreed package.
Google advertising spend is always separate from our service fees and is paid directly by you to Google.
Extra services may be purchased or added by agreement.

---

7. Changes To Your Plan

We regularly improve our tools, services and systems.
We may:
Add features.
Upgrade systems.
Change the way services are delivered.

Introduce improved processes.
Replace tools with better alternatives.
We will not intentionally remove a service specifically promised as part of your paid subscription period without providing a reasonable alternative.

---

8. Website Build Process

If your plan includes a website:
Planning and framework development may start immediately.
We can only fully build and complete the website once we receive your completed website information form.
Your first website draft will normally be supplied within 4 weeks of receiving the completed form.
A first draft is not the finished website.
Revisions are used to shape the final website.
Missing information or delayed replies will delay the website.
Delays caused by you do not give you a right to a refund.
We will work with you to get the website completed and launched as smoothly as possible.

8a. Website Handover & Final Edits

Once we tell you your website is ready for review, it enters the final review and launch stage.
You then have **7 days** to review it.
You must send your requested changes together in one message or document wherever possible.
Your service includes **one full round of website edits**.
If something from your submitted edit list is accidentally missed by us, we will correct it without treating that correction as a new round of edits.
Once your included edit round has been completed:

Any new or additional edit request will cost **£100 per round**.
This applies even if only one new amendment is requested.
The charge can apply after the 7-day review period.
The charge can also apply once your included edit round has been completed.
This process helps prevent website projects from being delayed by repeated small changes.
If your website has not gone live within 6 weeks of your website information form being submitted because of:
Delayed replies from you.
Repeated editing requests.
Missing information.
Delayed approvals.
Other delays caused by you.
your 12-month guarantee period may pause.
The guarantee period will restart once the website is launched and normal marketing activity resumes.

---

9. Google Business Profile Rules
To manage your Google Business Profile properly:
You must add us as managers when requested.
Weekly updates depend on you providing suitable information.
If no photos, videos or updates are provided, our ability to post new content may be limited.
You must not allow another marketing company to manage or make changes to the profile during your plan without our agreement.
You must provide accurate business information.
You must tell us about changes to opening hours, services, locations or contact details.
Google rankings and results take time and depend on many factors.
These include:
Competition.
Reviews.
Location.

Business activity.
Search demand.
The age and history of your profile.
Your participation.
Changes made by Google.
We will guide you on best practice but cannot control Google's systems or guarantee a specific ranking position.

9a. Paid Google Local Services Ads

If paid Google Local Services Ads management is included within your plan, your service fee may cover:

Setting up your Local Services Ads account.
Initial campaign setup.
Selecting services.
Selecting service areas.
Setting advertising budgets.
Managing and improving the account.
Reviewing lead performance.
Making suitable changes.
Providing ongoing advice.

Google Advertising Spend

Your service fee does **not** include the money paid to Google for advertising.

You are responsible for paying all Google Local Services Ads charges directly to Google using your own payment method.

Your advertising spend is separate from all fees paid to The Trade Growth Guys.

You must:

Maintain a valid payment method with Google.
Have enough money available to cover advertising costs.
Deal with any payment verification requested by Google.

We are not responsible if your adverts stop because:

A Google payment fails.
Your card is declined.
Your payment method expires.
Google cannot collect payment.
Your advertising budget is reached.

Account Ownership & Control

The Trade Growth Guys owns and controls the Google Ads and Local Services Ads account created as part of our managed service.

This includes the:

Account setup.

Campaign structure.

Settings.

Management work.

Advertising systems created by us.

The account does not automatically transfer to you when your service ends.

Pausing or Closing Advertising

Your Local Services Ads account may be paused or closed:

If an agreed payment to The Trade Growth Guys is missed.

If no alternative payment arrangement has been agreed.

When your subscription ends.

At your request.

If Google suspends or restricts the account.

If Google closes the account.

If you fail to pay Google.

If required verification is not completed.

If we believe the account is being misused.

If continuing to operate the account could cause harm to either party.

If you ask us to pause or close the account, no refund will be given for setup, management or other work already completed.

Google Limitations

We cannot control:

Google's approval process.

Verification checks.

Lead prices.

Lead availability.

Account suspensions.

Google's policies.

Changes to Google's platform.

How often your adverts appear.

We cannot guarantee:

A set number of leads.

A fixed cost per lead.
That every lead becomes a paying customer.
That every lead will be suitable.
That your adverts will appear at all times.
That Google will approve your account.
That Google will continue approving your account.
You remain responsible for answering, following up and converting your leads.

Your Local Services Ads Responsibilities

You agree to:

Respond to Local Services Ads leads as quickly as possible.
Give us accurate business information.
Provide licence and insurance information where required.
Complete verification checks required by Google.
Tell us when leads become booked jobs.
Record leads, jobs and job values inside the Trade Grow App.
Keep all required licences, insurance and registrations active.
Tell us quickly if your business hours change.
Tell us if your services or service areas change.
Missed calls, slow replies, incorrect information, poor availability or failure to follow up leads may reduce your results.

Triple Growth Guarantee

Clients who continuously run paid Google Local Services Ads with The Trade Growth Guys for a full 12-month period may qualify for our **Triple Growth Guarantee**.

If the value of work you win during the qualifying 12-month period is less than **three times the total service fees paid to The Trade Growth Guys**, we will continue providing the qualifying service free of charge until the recorded value reaches that level.

Google advertising spend paid directly to Google does not count towards the service fees used to calculate the guarantee.

For example:

If you pay £10,000 in qualifying service fees to The Trade Growth Guys, the qualifying target would be £30,000 in work won.
To qualify:
Your Local Services Ads must run with us continuously for the required 12 months.
Every agreed payment must be made.
Your full payment plan must be completed.
Google advertising spend must be paid when due.
You must follow the requirements within these Terms.
Leads and job values must be correctly recorded.
Stopping your adverts, cancelling early or failing to complete your agreed payments may remove your eligibility.
The Triple Growth Guarantee is a **continuation-of-service guarantee**.
It is **not a money-back guarantee** and does not provide a right to a refund.

---

10. Payments, Payment Plans & Renewal
Payment Plans
Any payment plan agreed when you join is a commitment to make **all payments included within that plan**.
Choosing to stop using the service does not automatically cancel amounts already agreed as part of your payment plan.
Making only some of the payments within an agreed payment plan does not qualify you for a growth guarantee.
Renewals
Your subscription may automatically renew quarterly, yearly or at another agreed interval depending on the plan chosen when you joined.
If a bespoke payment plan was agreed, the equivalent required amount must be paid for any guarantee to apply.
Quarterly payments cover the agreed quarterly service unless specifically agreed otherwise.

Making multiple quarterly payments does not automatically create annual guarantee eligibility unless this has been formally agreed.

Payments Must Be Made On Time

All payments must be made when due.

You are responsible for:

Keeping your payment details up to date.

Making sure enough money is available.

Replacing expired or cancelled cards.

Dealing with payment issues quickly.

Failed Payments & £85 Administration Charge

If any agreed subscription, instalment, recurring payment or other scheduled payment to The Trade Growth Guys:

Fails.

Is declined.

Is reversed.

Cannot be collected.

Is blocked.

Is cancelled.

Is otherwise not received when due.

for any reason, and this causes our team to take action to deal with the failed payment, an **£85 administration charge** will become payable.

This charge covers the extra administration, account management, communication and payment recovery work caused by the failed payment.

The £85 administration charge applies to the failed payment incident rather than each automatic payment retry relating to the same incident.

By agreeing to these Terms, you authorise **The Trade Growth Guys and Trade Grow Scaling Systems Ltd** to automatically collect the **£85 administration charge** using the card or payment method we hold on file.

We may collect the administration charge separately from, or together with, the outstanding payment.

What Happens After A Failed Payment

The outstanding payment and the £85 administration charge must both be paid before

the affected service is required to continue.
We may immediately pause some or all of your services while money remains outstanding.
This may include:
Google Business Profile management.
Website work.
Website updates.
Trade Grow App access.
Marketing campaigns.
Google Local Services Ads management.
Support.
Automations.
Any other service included within your plan.
The service will not be treated as cancelled simply because it has been paused for non-payment.
Refusing To Pay The Administration Charge
If you refuse or fail to pay the £85 administration charge or the original outstanding payment, we may choose to:
Keep your service paused until all outstanding amounts have been paid; or
End your service completely.
If your service is paused or ended because of a failed or missed payment:
No refund will be given for payments already made.
No refund will be given for work already completed.
Work already carried out will remain chargeable.
Any outstanding payments agreed as part of your original payment plan remain payable.
Your growth guarantee may be paused or ended.
Ending the service because of non-payment does **not** automatically remove your responsibility to complete an agreed payment plan.
Payment Recovery
Where money remains overdue, we may take reasonable steps to recover the amount owed.

Our contractual rights under these Terms do not remove any other rights we may have under applicable law in relation to unpaid commercial debts.

---

11. Your 12-Month Growth Guarantee

11a. Guarantee Claims, Verification & Evidence

The Double Growth Guarantee and Triple Growth Guarantee are based on the total value of work won during the relevant 12-month guarantee period.

If you believe you qualify for either guarantee, it is your responsibility to provide us with enough evidence to allow us to fully verify your claim.

A statement that you have not received enough work, or that particular jobs did not come from our marketing, will not by itself be sufficient.

11b. Eligibility Before A Claim Can Be Reviewed

Before we review a guarantee claim, you must have met all of the eligibility requirements within these Terms.

This includes, where applicable:

Completing the full qualifying 12-month service period.

Making every agreed payment.

Completing your full agreed payment plan.

Keeping the qualifying services active.

Using the Trade Grow App as required.

Recording leads, jobs and job values accurately.

Providing the information and access requested by us.

Following up leads within the required times.

Meeting all other requirements of the relevant guarantee.

If these requirements have not been met, the guarantee may not apply.

11c. Responsibility For Proving A Guarantee Claim

The responsibility for providing evidence in support of a guarantee claim rests with you.

You must provide complete and accurate records that allow us to establish:

The total value of work won by your business during the guarantee period.
The total value of work completed and/or invoiced during that period.
The customers responsible for that work.
The source from which each customer or job came.
Which work was generated directly or indirectly through activity carried out by The Trade Growth Guys.
Which work, if any, you believe was generated completely independently of our activity.
You must provide evidence covering the **whole guarantee period**, rather than only selected customers, invoices, months or transactions.

11d. Financial Evidence

To verify the total amount of business generated during the guarantee period, we may require documents including:
Business accounts.
Tax returns where available.
Corporation Tax records where applicable.
VAT returns where applicable.
Management accounts.
Sales ledgers.
Invoice reports.
Copies of customer invoices.
Credit notes.
Payment processor reports.
Relevant business bank records.
Accounting software reports.
Other reasonable financial records needed to confirm your business income and job values.
The records supplied must cover the relevant 12-month guarantee period.
Where an accounting period or tax period does not exactly match the guarantee period, we may require additional records covering the missing dates.
The figures provided must be capable of being matched back to the underlying invoices, jobs and customers.

11e. Invoice & Job Evidence

You must provide a complete record of relevant work won during the guarantee period.
This should allow us to identify, where applicable:
Customer.
Invoice or job number.
Job description.
Date the enquiry was received.
Date the work was quoted.
Date the work was booked.
Date the work was completed.
Invoice date.
Invoice value or agreed job value.
Amount paid.
Lead or customer source.
The total of these records should be capable of being reconciled against the financial records supplied as part of your claim.
We may ask you to explain any differences between your invoices, sales records, bank receipts, accounting records and information stored within the Trade Grow App.
11f. Evidence Of Where Each Customer Came From
For any work that you claim was **not** generated directly or indirectly through The Trade Growth Guys, you must provide reasonable documentary evidence showing where that customer or job came from.
This may include:
The original enquiry.
Emails.
Text messages.
WhatsApp messages.
Call records.
CRM records.
Lead-platform records.
Referral records.
Existing customer records.
Previous invoices showing that the person was already a customer.
Enquiry forms.
Messages showing who referred the customer.

Other dated records that clearly show the source of the enquiry.
Evidence created at or around the time the enquiry was received will normally carry more weight than a statement or spreadsheet created afterwards for the purpose of making a guarantee claim.
Simply labelling a customer as:
Word of mouth.
Referral.
Existing customer.
Repeat customer.
Recommendation.
Unknown.
Other.
will not by itself prove that the work was generated independently of our activity.
Supporting evidence may be required.
11g. Work Attributable To The Trade Growth Guys
When calculating the guarantee, work may be treated as resulting directly or indirectly from our activity where the customer or job was generated, influenced or assisted by services or systems managed or created by us.
This may include work resulting from:
Google Business Profile activity.
Google organic search.
Your website.
Website enquiry forms.
Website telephone calls.
Search engine optimisation.
Google Local Services Ads.
Google Ads where managed by us.
Marketing campaigns.
Customer reactivation campaigns.
Review-generation activity.
Social media activity carried out by us.
Content created or distributed through our service.
The Trade Grow App.
Marketing automations.
Lead nurturing systems.

Follow-up systems created by us.
Other marketing activity carried out as part of your service.
This applies whether our activity was the only reason for the enquiry or formed part of the route through which the customer found, contacted or chose your business.

11h. Repeat Work & Referrals

Where a customer was originally generated through activity carried out by The Trade Growth Guys during the guarantee period, additional work subsequently won from that customer may also be treated as work generated through our activity.
This can include:
Additional jobs.
Upsells.
Repeat bookings.
Ongoing contracts.
Further work from the same customer.
Where a new customer is referred to you by a customer who was originally generated through our activity, we may also treat that referral as an indirect result of our marketing activity.
If you believe repeat or referral work should not be attributed to us, you must provide evidence showing why it was generated independently.

11i. Existing Customers

Work from a genuine existing customer who was already a customer before your service with The Trade Growth Guys began will not automatically be treated as work generated by us.
However, you may be required to provide evidence showing the previous customer relationship.
Suitable evidence could include:
An invoice issued before our service started.
Previous payment records.
Previous correspondence.
CRM records.
Previous job records.

If our activity caused an existing or dormant customer to return, contact you again or purchase additional services, that work may still be treated as resulting from our activity.

11j. Unknown Or Unproven Lead Sources

If the source of a customer cannot be established, we will review all available evidence.

Where you wish to exclude a job from the guarantee calculation on the basis that it was generated independently of our activity, you must provide reasonable evidence supporting that position.

If there is no reliable evidence showing an independent source, the job may be included within the value of work attributed to our activity.

This means that an unknown lead source will not automatically be treated as work that had nothing to do with The Trade Growth Guys.

11k. Trade Grow App Records

The Trade Grow App is one of the main records used to measure performance under the guarantee.

You are responsible for recording leads, jobs and job values accurately and consistently throughout the guarantee period.

You must not deliberately:

Leave leads out.

Remove leads.

Understate job values.

Change lead sources.

Record false information.

Move work outside the system to avoid it being counted.

Where information supplied as part of a guarantee claim conflicts with information previously entered into the Trade Grow App, we may investigate the difference and request supporting evidence.

Information recorded at the time a lead or job was received will normally be given greater

weight than information changed after the event.

11l. Complete Records Must Be Provided

A guarantee claim must be capable of being checked against the business as a whole.

You cannot support a claim by providing only selected invoices, customers, bank transactions or accounting records.

Where reasonably required to verify the claim, we may request further evidence.

If important evidence is missing, incomplete, contradictory or cannot reasonably be verified, we may be unable to approve the guarantee until satisfactory evidence has been supplied.

11m. Further Verification

If the information supplied is unclear or inconsistent, we may ask for additional evidence.

This may include asking for:

Further accounting reports.

Additional invoices.

Relevant bank records.

CRM exports.

Lead records.

Customer correspondence.

Confirmation from your accountant or bookkeeper.

Other reasonable evidence needed to verify the claim.

Where necessary, we may ask your accountant or bookkeeper to confirm relevant financial figures.

You remain responsible for any costs charged by your accountant or other professional adviser for preparing information relating to your claim.

11n. False Or Misleading Information

All information supplied in support of a guarantee claim must be complete and accurate to the best of your knowledge.

Deliberately:

Hiding work.

Hiding invoices.

Understating job values.

Changing lead sources.
Removing CRM records.
Providing false documents.
Providing misleading information.
Leaving out relevant revenue or jobs.
may immediately end eligibility for the guarantee.
We may also reject a claim where we reasonably believe information has been deliberately altered, withheld or misrepresented.
11o. Cooperation With The Review
You agree to reasonably cooperate with our review of a guarantee claim.
We may ask questions about particular:
Customers.
Jobs.
Invoices.
Payments.
Lead sources.
Accounting entries.
CRM records.
You must provide reasonable supporting information where required.
Failure to provide the information reasonably needed to verify a claim may prevent the claim from being approved.
11p. Protecting Customer Information
We only need information that is reasonably required to verify the guarantee claim.
Where documents contain information that has no relevance to the claim, reasonable redactions may be made.
However, information needed to verify:
Customer identity.
Job identity.
Dates.
Invoice values.
Payments.
Lead source.
The relationship between records.
must remain visible where reasonably necessary for verification.

11q. Guarantee Decision

Once we have received the complete evidence reasonably required to assess the claim, we will review:

Whether all guarantee conditions were met.

The total qualifying fees paid.

The total value of relevant work won.

Lead and customer sources.

Trade Grow App records.

The supporting financial evidence.

Any other relevant records.

If the evidence confirms that you have met all guarantee requirements and the value of qualifying work remains below the level promised under the applicable guarantee, we will honour the guarantee in line with these Terms.

This means we will continue providing the qualifying service free of charge until the relevant Double Growth or Triple Growth level is reached, subject to your continued compliance with the conditions of the guarantee.

The guarantee remains a **continuation-of-service guarantee only**.

It does **not** provide a right to a cash payment or refund.

---

12. Fair Use Of The Trade Grow App

You agree to use the Trade Grow App fairly and responsibly.

This includes:

No spam.

No misuse of SMS tools.

No misuse of email tools.

Following suitable customer consent procedures.

Following applicable rules relating to messages sent to customers.

Not using the system for unlawful purposes.

We may contact you if changes are required.

Serious or repeated misuse may result in features or access being restricted or removed.

---

13. Holidays, Pausing & Downtime

If you:

Take a holiday.

Stop accepting work.

Temporarily close.

Pause your advertising.

Pause your marketing activity.

some parts of your service may also need to pause.

This can mean:

Google activity pauses.

Advertising pauses.

Results slow down.

Your guarantee period pauses.

Where applicable, the guarantee period can restart once normal business and marketing activity resumes.

Please tell us as early as possible so we can plan around any changes.

A voluntary pause requested by you does not automatically pause or cancel agreed payments unless we specifically agree this with you in writing.

---

14. Data, Privacy & Security

We will follow applicable data protection requirements relating to the services we provide.

We will:

Take reasonable steps to keep information secure.

Use information to provide and manage your service.

Not sell your personal information.

Only share information where required to provide the service, operate our systems or meet legal requirements.

You remain responsible for protecting your:

Passwords.

Login details.

Devices.

Internal business systems.

You must tell us promptly if you believe an account we manage has been compromised.

---

15. Ending The Service

You may cancel your subscription before your next renewal period, subject to any payment commitment already agreed.

Cancellation stops future renewal periods.

It does **not** automatically cancel outstanding payments forming part of a payment plan you previously agreed to complete.

Once your service ends:

Trade Grow App access may end.

Managed services stop.

Google Business Profile management stops.

Website management may stop depending on your agreement.

Local Services Ads may be paused or closed.

Your Local Services Ads account will not automatically transfer to you.

Your growth guarantee ends.

No refund will be due for setup, management or work already completed.

Previous payments remain non-refundable.

Outstanding agreed payments remain payable.

If we end your service because of:

Failed payments.

Refusal to pay outstanding charges.

Serious misuse.

Repeated breaches of these Terms.

Behaviour that prevents us from reasonably providing the service.

the same rules apply.

Ending access to the service does not automatically remove a debt or payment commitment already created under your agreement.

---

16. Liability & Limits

We will always aim to help your business grow and provide the services agreed with you.

However, marketing results depend on many things outside our direct control.

We are not responsible for losses or reduced results caused by things such as:
Missing information.
Incorrect information supplied by you.
Delayed replies.
Failure to follow up leads.
Third-party actions.
Google decisions.
Google suspensions.
Google algorithm changes.
Market changes.
Changes in customer demand.
Competitor activity.
Business decisions outside our control.
Your availability to take on work.
Your pricing.
Your sales process.
Your customer service.
Your staff.
External platform outages.
Events outside our reasonable control.
We do not guarantee that every lead will become a customer or that marketing results will remain the same from month to month.
Nothing in these Terms is intended to exclude any liability that cannot legally be excluded.

---

17. Governing Law
These Terms are governed by the laws of **England and Wales**.

---

18. VAT & Company Information
The Trade Growth Guys is operated by **Trade Grow Scaling Systems Ltd**, a company registered in Cyprus.
As Trade Grow Scaling Systems Ltd is established outside the United Kingdom, we do not currently charge UK VAT to UK customers where UK VAT is not required to be charged by us.
If tax laws or our VAT obligations change in the future, we reserve the right to update:
Our prices.

Our invoicing.
Tax charges.
These Terms.
Company Details
Company Name: Trade Grow Scaling Systems Ltd
Trading As: The Trade Growth Guys
Director: Ashley Anderson
VAT Number: 60344398P
Company Number: HE490308
Registered Address: Vasileos Konstantinou, 47B, 8021, Paphos, Cyprus

---

Final Confirmation
By signing your onboarding form and/or making your first payment, you confirm that:
You have read these Terms of Service.
You understand them.
You agree to them.
You have read the Organic Growth & How It Works information supplied to you.
You understand that organic marketing is a long-term process.
You understand that marketing requires consistency and cooperation.
You understand that results vary.
You understand that competition, reviews, business activity and participation can affect results.
You understand that any payment plan agreed when you join is a commitment to make all payments within that plan.
